F. No. 104-112/Acad-PG/Circular/AICTE/2024/9275-79   **Dated: 0 3 /10/2024**

<u>Notice</u>

Sub: - Adoption of Standardized Model Format for Issuing Postgraduate Certificates.

In reference to the subject cited above, it is hereby informed that the AICTE vide letter dated 03.09.2024 has directed that all universities and institutions offering Master of Technology (M.Tech) Programs under the purview of AICTE must adopt the following model format for their certificates.

M. Tech in [Main Branch Name] (Specialization in {Specialization Name}]

For example:

M. Tech in Mechanical Engineering (Specialization in Machine Design)

AICTE further informed that this approach will not only bring uniformity across all institutions but also enchance the recognition and value of the qualifications conferred.

The AICTE has further requested all universities to uniformly adopt this format for M.Tech Degrees. The main branch of study must be clearly stated, followed by the specialization in parentheses.

It further intimated that universities and institutions are expected to ensure full compliance with this directive any any deviation from this model format should be reported to the AICTE.

The Competent Authority, DTU has directed that the above format for Issuing Postgraduate Certificates be implemented in the M.Tech and M.Tech By Research Programs, DTU.

Accordingly, all HoDs are requested to convene a meeting of their faculty members and discuss the specializations in M.Tech and M.Tech By Research Program offered by their department and submit recommendations/comments, for onward submission before the Competent Authority.

(Prof. Rinku Sharma)
Dean (Academic-PG)
